Wagyu is a pure breed of cattle with a Herd Registry Book in Japan dating back to 1830. Wagyu cattle originated near the famed Kobe region of Japan.

Wagyu beef is guaranteed to be free of hormones and growth promotants. To ensure the consistent high eating quality, only the best genetic lines are selected and raised as free range cattle in a clean air environment and graze on an abundance of natural grasses.

Wagyu beef have a greater marbling propensity than any other cattle resulting in succulent, tender and finely marbled beef with a great rich flavor.
